Mr. Ninos Isho, Assyrian Democratic Party  
Mr. Akram Diryawish, Assyrian General Conference

Dear Gentlemen,

Since the establishment of Assyrian Universal Alliance in 1968, every action this organization has taken has been to benefit the Assyrian nation and the Assyrian Cause. We believe that one individual can make a difference. We have taken a stand against the current situation of our people in Iraq.

The AUA Americas Youth Chapter follows that same ideology and works for the Assyrian Cause.

It is with great delight to inform you that AUA Americas Youth Chapter has donated \$1025 to the Free Medical Center in Damascus. The money was wired from our account on November 18, 2008 to the account number provided by Mr. Akram Diryawish.

It is our wish that this contribution will be used to support the Medical Center in its efforts in helping the sick and needy Assyrian patients in Damascus, Syria.

Yours in Assyrianism,

*Eilona Betkolia*
